

**COMMUNITY REACH COVID RELIEF DISTRIBUTION PROGRAM TO THE**  
**300 FAMILIES**

COVID: We have reached the most backward people who don't have any basic knowledge regarding COVID. So We have explained the people regarding the measurements to take in this pandemic situation, we have explained how COVID spreads, what are the precautions to take, how to wear mask properly , how to use hand wash, sanitizer and soap.

CHILDREN: We have explained , how to protect the children, by not allowing them to move out, for playing in groups and all, we have instructed them to teach their children in wearing the mask properly.

FOOD: We have explained what are the items we have given to them , how those are helping in boosting the immune system, how to use those food items especially to their children.

GIRLS: We have teach them regarding the value of a girl, how much girls are important too as boys, we have explained them that because of their daughter only they are getting this ration, because of girl only they are not starving in this epic situation, explained them how much is the importance of education to a girl, how sin a child marriage is. We have explained the consequences of child marriage, requested them not to conduct child marriage and what law explains and what are the consequences need to be face with child marriage.

The Beneficiaries felt really happy, from the covid situation itself they all lost their labour works, its really hard for them to run the whole family. They even starved for some days. Some beneficiaries are couldn't control their emotion. They given good feed back.
